DETAILED ACTION

The indicated allowability of claim 11 is withdrawn in view of the newly discovered reference(s) to Hrupp 6223818. Rejections based on the newly cited reference(s) follow.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States

2. Claims 11,20 and 31 are rejected under 35 U.S.C. 102(b) as being anticipated by Hrupp 6223818.

Referring to claims 11 and 31, Hrupp discloses (fig. 2) a device for a tool string for insertion in a well, comprising a brake nose (16) arranged at a leading tip of the tool string (8); and a tool nose (10) connected to the brake nose axially in a one-way releasable manner. And the brake nose and the leading tip are arranged along a common axis.

Referring to claim 20, Hrupp discloses the tool nose (10) is secured to the brake nose by a tool lock (threads on element 10).

4. Claims 23-28,30 and 32 are allowed.
